

Vision for Quarndon – Neighbourhood Plan

Ideas (from attendees at the May 2016 Village meeting):

- Maintaining of village rural character
- Traffic calming
- Footpaths on village through route
- Green spaces
- Traffic policy
- School provisions
- Plan effectiveness – crucial first step is to ascertain the legal power of the NP- if its pointless the progressing is potentially pointless
- Green Belt preservation
- Affordable smaller housing
- 20 mile speeding limit
- Parking spaces
- Housing type, considering demographics (age profile)
- Consider addressing heritage of village
- Current issues – parking, speeding, contractor working hours
- Cycle and walking routes for new developments
- How do the Planning Authorities “Take Account” of the NP
- Design of Housing in village (traditional)
- Preservation of Green Belt
- High Speed Broadband
- Traffic Calming
- Mixed enthusiasm for pavement/lighting
- Green energy = good – solar/wind?
- Open access/footpaths
- Transport services
- Parking, speed
- Industry / Business Development
- Village Character
- Demolition: Stop to destroying good housing stock to build mini estates
- Traffic- speeds, calming, stopping rat-run
- Buildings: size, style, design of windows doors etc
- Conservation: Re-enforcement of Conservation area and listed building protection
- Enforcement of “style-guides” for properties in conservation area
- Downsizing for older generation in Quarndon?
- Work on Critical Path
